## [VERSE 1]

C G  
I am thinking it's a sign that the freckles  
F C  
in our eyes are mirror images and when  
G  
we kiss they're perfectly aligned  
C G  
And I have to speculate that God himself  
F C  
did make us into corresponding shapes like  
G  
puzzle pieces from the clay  
C G  
True it may seem like a stretch, but  
F  
its thoughts like this that catch my troubled  
C  
head when you're away  
G  
when I am missing you to death  
C G  
When you are out there on the road for  
F  
several weeks of shows, and when you scan  
C G  
the radio I hope this song will guide you home

## [CHORUS]

C G  
They will see us waving from such great  
F C G  
heights, "come down now" they'll say  
C G  
but everything looks perfect from far away,  
F C G  
"come down now", but we'll stay

[VERSE 2]

C G  
I tried my best to leave this all on your  
F C  
machine but the persistent beat, it sounded  
G  
thin upon the sending, and  
C G  
That, frankly will not fly, you will hear  
F  
the shrillest highs and lowest lows with  
C G  
the windows down, when this is guiding you home

[ CHORUS ]

C G  
They will see us waving from such great  
F C G  
heights, "come down now" they'll say  
C G  
but everything looks perfect from far away,  
F C G  
"come down now", but we'll stay
